## OBJECTIVE

To obtain a challenging position where as a part of a powerful team, I can make a noticeable contribution to a company's growth by exploiting my skills and potentials to the fullest.

## PROJECTS EXPERIENCE

### 1. School Management APP

This is an app where the students and teachers can create an account and manage the school and its student's progress. This app has features like sending emails etc.

Teachers can give points to the students by the app.

<https://github.com/Fahim1113/SchoolManagementApp>

### 2. Currency BOT

This is a discord bot where you can check your balance, get your daily amount of coins and more.

<https://replit.com/@Fahim-Shahriyar/Currency-Bot>
